

## Telephone Services Product & Pricing Reference

Updated: Sept 5, 2008

Our monthly costs carry **NO surprise charges!** Only setup & equipment fees may apply. Our monthly bills are free of extra fees & surcharges, so what you see is what you are billed. It's the right thing to do.

Our standard pricing is calculated a la carte, with the exceptions noted below.

### Standard Pricing Schedule

Product	Price	Unit
Local Phone Line	\$36	Monthly
Extra Phone Number	\$5	Monthly
Long Distance	3.5¢	Minute
Hosted Phone Extension	\$10	Monthly
Hosted Auto-Attendant	\$15	Monthly
Starting PBX Server, pre-configured	\$2,499	One Time
Starting VoIP Handset	\$199	One Time
Starting Analog Gateway (2-port, pre-configured)	\$149	One Time

Each line purchased allows for one included direct dial number.

Get as many as you like from any area code

Each phone line purchased allows for 1 included extension

Pre-Configured; Many brands and models to choose from

We offer an alternative pricing model for our strategic Hosted PBX packages. It provides a simpler per-extension calculation, with no restrictions on the lines used by those extensions.

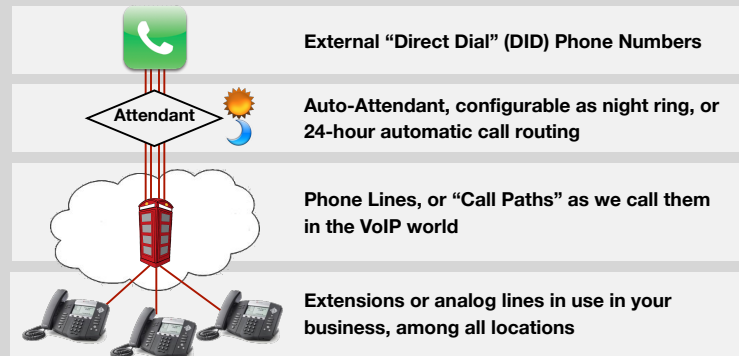

### Hosted PBX Bundled Pricing

Product	Price	Unit
Hosted Phone Extension, Incl. Phone Line	\$30	Monthly
Extra Phone Number	\$5	Monthly

This package is best for phone-heavy offices that prefer simpler billing, and eliminating busy signals

The bundle includes only one direct dial number, more may be purchased a la carte.

### Major Factors Influencing Your Phone System Structure:

We're not limited to just "lines". Our digital service allows as many call paths and Direct Dial numbers as you can handle! It's all routed digitally.
